Child Guidance and Management

Child guidance and management (5101:2-12-22) - a copy of state regulations is included in this parent handbook. The Northminster staff believes that helping the child to learn self-control is very important. Our hope is that each child will learn self-discipline through careful guidance. Your child will be treated with love and respect. Our expectations will be kept within the child's capabilities and the child will be made aware of these expectations. Positive reinforcement (commenting on children doing the "right thing") and positive redirection (removing the child and giving them an appropriate activity) will be used. A child may be asked to sit for a short period of time to give the child a chance to regain control if they are having a difficult time. Time outs will be age appropriate in length and done within the classroom. After repeated time outs in the classroom, the teacher may bring the child to the office for a time out away from their peers. Staff will not impose punishments for failure to eat, or toilet accidents. This discipline policy applies to all staff and parents while they are at the center.

If a situation arises where a child is consistently endangering himself, peers or staff, it may become necessary to disenroll the child. Every attempt will be made to work together with the parents and the child to correct the behavior. However, the safety of the children is always our primary concern. The director would be in communication with the parents prior to this occurring.

If a child demonstrates behavior that requires frequent "extra attention" from a staff member, we may choose to develop and implement a behavior management plan. This plan would be developed in consultation with the parents and would be consistent with the requirements of Rule 5101:2-12-22 OAC.

The following techniques or practices may be used by all child care staff members and employees of a licensed child care center as a means to guide or discipline children. Any technique or practice used shall be developmentally appropriate, consistent and shall occur at the time of the incident.

Allowable Discipline Techniques

1. Setting clear limits.
2. Redirecting to an appropriate activity.
3. Showing positive alternatives.
4. Modeling the desired behavior.
5. Reinforcing appropriate behavior.
6. Encouraging children to control their own behavior, cooperate with others and solve problems by talking.
7. Separation from the situation, if used, shall last no more than one minute per each year of the child's age and shall not be used with infants. Upon the child's return to the activity, the provider shall review the reason for the separation and discuss the expected behavior with the child.
8. Holding a child for a short period of time, such as in a protective hug, so that the child may regain self-control.

Prohibited Discipline Techniques

The following techniques or practices shall not be used by any child care staff member or employee of a licensed child care center as a means to control or discipline children:

1. Abuse, endanger or neglect of children, including shaking a baby.
2. Utilize cruel, harsh, unusual, or extreme techniques.
3. Utilize any form of corporal punishment.
4. Delegate children to manage or discipline other children.
5. Use physical restraints on a child.
6. Restrain a child by any means other than holding children for a short period of time, such as in a protective hug, so that the children may regain control.
 - o Prone restraint of a child is prohibited. Prone restraint is defined as all items or measures used to limit or control the movement or normal functioning of any portion, or all, of a child's body while the child is in a face-down position.
 - o Prone restraint includes physical or mechanical restraint.
7. Place children in a locked room or confine children in any enclosed area.
8. Confine children to equipment such as cribs or high chairs.
9. Humiliate, threaten or frighten children.
10. Subject children to profane language or verbal abuse.
11. Make derogatory or sarcastic remarks about children or their families including but not limited to cultures, nationalities, race, religion, or beliefs.
12. Punish children for failure to eat or sleep or for toileting accidents.
13. Withhold any food (including snacks and treats), beverages or water, rest or toilet use.
